2022 Scholarships and Bursaries

Morling Residential College (MRC) strives to provide a positive and transformational experience of Christian community in a context where faith matters. MRC aims to do this by promoting community activities and events that build relationships, that provide residents with opportunities to learn leadership skills and grow in their ability to work with others, and to serve one another and the broader community.

Further, MRC aims to financially support residents who may be experiencing additional stressors and hardships that impact upon their student experience, or who come from rural, regional, ATSI, first in the family or other disadvantaged backgrounds to attend university.

To promote the continued achievement of these aims in 2022, MRC is offering for the first time a number of scholarships:

- 1) **Community Contribution Scholarship:** This scholarship is aimed at promoting approximately 3 hours per week (during term time) of community service to MRC. This can be through participation in the Student Association, or by developing your own community activity (e.g. tutorials; shared study sessions; discipleship group; choir etc). It is valued at 20% off of the usual accommodation price.
- 2) **Country Education Foundation Scholarships:** This scholarship is aimed at supporting those from rural and regional backgrounds who are required to leave home in order to attend university in Sydney. It is offered in collaboration with the Country Education Foundation. This scholarship is valued at 33% of the usual accommodation price.
- 3) **Bursaries** – these are granted on an as needed basis and are given on the basis of demonstrated financial hardship or exceptional circumstances that are impacting upon a resident's capacity to cover their accommodation costs.

To be eligible, applicants must have been accepted into membership of Morling Residential College. Residents cannot hold more than one scholarship, bursary or special offer. Additionally school leavers will have to choose between either the year 12 special rate or, if successful, the scholarship benefit.

Scholarship discount amounts are applied against the full room rate (Studio A: \$380; Studio B: \$290; Mega-studio: \$440). ***All scholarships, bursaries and special rates are paid in the form of reduced accommodation charges only.***

Please see the detailed information form for each scholarship for further information regarding eligibility criteria, application process, value and conditions associated with the scholarships.
