SEMESTER 2 : AUGUST 2 - NOVEMBER 1

*Fridays from 9.40am-12 noon in MRC
We won't meet on October 4 & 11*

EXPLORING TURNING POINTS IN THE BIBLE, FAITH AND LIFE

BIBLE SESSIONS:

There are well over 2000 verses in the Bible that include the word “therefore” or “but”. These single words are turning points, reminding us of anchored truths of our faith and also calling us to re-direction and re-action. Whether well-known or more obscure, we will consider together what these passages say about what God has done and how we can respond as followers of Christ.

TOPICAL SESSIONS:

Turning points also highlight movement and development in God’s story as it connects with our stories; they call us to look to the past as well as the future. These turning points can highlight significant ways that that God has been at work in and through us. In our topical hour we will hear about people’s turning points of faith and ministry and reflect on the opportunities God has given us.
